One Man Killed and Many Injured Over Weekend Accidents

Local Rescue Squad Gives Aid in Two Major Car Crashes

The Antioch Rescue squad was called to give service to a Wisconsin motorist whom they found dead, however, from injuries received early Monday morning in an automobile accident on Rte. 41, a quarter of a mile south of Edwards rd. near the Wisconsin-Illinois state line.

The accident victim was Walter Bang, Jr., 24, of Manitowoc, Wis., who was thrown from his car to the pavement in the path of a tractor-trailer truck and dragged 90 feet.

Bang lost control of his automobile when it struck a curb on the inside of a curve and rolled over twice. Joseph Cullen, driver of the trailer said he cut his tractor from the outside curve to the inside to miss Bang's body and applied the brakes, but the left dual wheels failed to clear it.

Marine Private Howard Hill, 22, also a passenger in Bang's car, suffered a crushed left foot and was taken first to Victory hospital by the Rescue squad and later taken to the Great Lakes hospital.

A two-car crash on Rte. 41 a block south of the state line Sunday injured three persons. Deputy sheriffs said the southbound car of Stanley E. Frydryck of Chicago collided with the car of Gregory Berneni, 64, Kenosha, who pulled on the highway from a gas station. Berneni suffered possible broken ribs, and his wife, Pearl, neck injuries and leg cuts. Estella Frydryck suffered shock and body bruises.

Accident at Lake Villa.

Six persons were hurt Saturday in a two-car collision at Rtes. 21 and 132, Lake Villa, when the car of William F. Jonas, 65, of Beachwood Subdivision, Antioch, collided with the car of Anna Akeson, 66, of Elmhurst.

Deputies said Jonas suffered a fractured left leg; Mrs. Akeson sustained a bruised left knee; Catherine Himpelmann, 58, of Chicago, chest injuries and possible fractured ribs; Jacob Himpelmann, 67, forehead cuts; Stephen Frank, 48, Chicago, contusions and abrasions of the right leg; and Theresa Dittrich, 73, of Chicago, chest injuries and fractured ribs.

All of the injured were taken to Condell Memorial hospital in Libertyville by the Antioch Rescue squad. The five Chicagoans were bound for the Hungarian Rest Home at Lake Villa when the accident occurred. Deputy Robert Sachs arrested Mrs. Akeson for failure to yield the right of way.

Lucille M. Blagburn Dies After Long Illness At Villa Park, Illinois

Mrs. Lucille M. Blagburn of 421 Ardmore ave., Villa Park, Ill., died Thursday, Jan. 12, after a lingering illness.

She was the daughter-in-law of the late Mr. and Mrs. William Blagburn of Shady Nook, Lake Marie.

The Blagburns rented summer cottages in this area for many years and were well known around Antioch.

Mrs. Blagburn was preceded in death by her husband, Robert J. Blagburn about four years ago. Surviving are two children, Diane and Robert G., and one brother, George C. Smith.

Funeral services were held at 10 a.m. Jan. 7 at Elmhurst to St. Alexander's church, Villa Park with interment at Mount Carmel.

County Board Approves United Lutheran Camp

The Lake County Board of Supervisors Tuesday approved the operation of a children's camp by the Illinois Synod of the United Lutheran church at the west edge of Antioch township.

The camp recently was purchased from Miss San Hansen, who operated the place for 10 years as a summer camp for girls.

The board stipulated that the capacity of the camp remain at 100 persons and that any increase be subject to county building code and health requirements.

Filing Dates for Farmers

Farmers are notified by Deibert J. Luppold, acting district director of internal revenue, that if their gross income is at least two-thirds from farming, their 1955 declaration of estimated tax must be filed and paid by January 16, 1956. In place of the declaration however, they may file the final 1955 form 1040 return with payment in full on or before Feb. 15.

Scout Training Results In Saving Of Skater

Brian Palenski, 11, of Channel Lake credits his Boy Scout training for his ability to save a companion Glen Siedschlag, 13, also of Channel Lake, from drowning recently.

While skating with two companions young Siedschlag broke through the ice at the Channel Lake Boat house where the water is seven feet deep. Through the buoyancy of his clothes and by holding onto the ice, Glen kept afloat until Brian pulled him out. This was done by Brian's lying flat on the ice with his skates dug in, and Dennis Willett, 10, hanging to his feet, and then grabbing Glen's hands for the strenuous pull.

William M. Dorman, Bluff Lake Resident, Dies on His Birthday

William M. Dorman, a resident of Bluff Lake, died at 11:35 a.m. Monday at the Lake County General hospital.

His death occurred on his 76th birthday anniversary.

Born January 7, 1880, Mr. Dorman was a butcher by trade. At his retirement he came to Bluff Lake 30 years ago.

Survivors are his widow, Emma, a daughter, Mrs. Emmaline Popp of Mount Prospect; a grandson, Walter Popp, Jr., with the U.S. army in Germany, and a sister, Mrs. Alma Ridley of Tampa, Fla.

The funeral service was held at 1 p.m. today at the Strang Funeral home with Mrs. Theresa Lewis as reader. Burial was in Mt. Emblem cemetery, Elmhurst.

Coulson Candidate for State Legislature Post

One of the Republican candidates for the state legislature in the April 10 primary will be Robert Coulson the mayor of Waukegan for the past seven years. Mr. Coulson is a member of several of Lake County's oldest families and was born in Avon township. Parts of Round Lake Beach and Round Lake Park are on land homesteaded by his great grandparents.

Coulson is a graduate of Dartmouth College and of the University

ROBERT E. COULSON

of Chicago Law School, a veteran of five years' infantry service during World War II, and a former Assistant State's Attorney of Lake County. He served a term as an American Legion officer for the Tenth District of the American Legion, and was one of the founders and first presidents of the Lake County Young Republicans.

He is running for the position left vacant when the last session of the legislature redistricted A. B. McConnell out of the district.

Wm. Moran, Second Victim of Crash at 173 and 41 Dec. 21

Wm. Moran, 123 Genesee street, Waukegan, died Wednesday evening, January 11, as a result of injuries received in an automobile accident at rte. 173 and rte. 41 December 21.

He was riding to Antioch with his brother, the late Richard "Dick" Moran, who was also fatally injured in the accident.

The body is at the Tobin Chapel, Waukegan. No funeral arrangements have been made.

Ski Jump Sunday

The Norge Ski club of Chicago will host its annual ski jump at Fox River Grove next Sunday afternoon. Featured are two Finlanders, Esko Momo and Pentti Uotinen who will compete against American jumpers.

Antioch Lions Club Officers Installed by Dist. Governor Allen

Officers of the Antioch Lions club were installed Monday evening at a dinner meeting at Smart's Country House.

Dist. Gov. Jesse D. Allen of Lake Zurich was the installing officer and those who took office were Louis A. Biel, president; Dr. James Kopriva, first vice president; Albert Dittman, second vice president; Elmer Baethke, third vice president; Everett Oftedahl, secretary; Edwin Runnfeldt, treasurer; Elmer Eberman, lion tamer; Elmar Petersen, tail twister; John Hojem, George Jensen, Robert Jensen and Robert Lindblad, directors. Norman Jedele is the retiring president.

A report was made by the swimming pool committee which is preparing to issue bonds which will be offered to the public in the next 10 days. Construction bids will be received early in February, and work will be started in March so that the pool will be ready for use by June 1.

The pool will be operated under a separate corporation known as the Lions Club Community Service Corp. of which George W. Jensen is president; William Brook, vice-president; Howard Gaston, secretary; and Norman Jedele, treasurer. Bonds will be of \$100 denomination, carrying 4 per cent interest.

Antioch High Assigned To Crystal Lake For Regional Tournament

Antioch High School has been assigned to the Crystal Lake Regional tournament in the first round of play in effort to determine the best basketball team in the state.

Competitors in that tournament will be Crystal Lake, Dundee, Elgin, Grant of Ingleside, McHenry, Woodstock and the winner of the St. Edwards district in which Round Lake High School has been assigned.

The district tournament will start Feb. 20, and the regionals the following week.

Other regional tournaments in which Lake county teams will appear are:

At Evanston—Evanston, Warren of Gurnee, Highland Park, Lake Forest, North Chicago, Waukegan, New Trier and Zion-Benton.

At Palatine—Arlington Heights, Barrington, Grayslake, Ela-Vernon, Libertyville, Northbrook, (Glenbrook), Palatine, Wauconda.

At Riverdale—Argo, Morton of Cicero, Downers Grove, Hinsdale, LaGrange, Oak Lawn, Riverside, and Orland Park district winner.

Lake Bluff Resident Addresses Garden Club On African Violet Care

Mrs. Harry Roberts of Lake Bluff was the guest speaker for the Garden Club section of the Antioch Woman's club when it met at the home of Mrs. Earl Hays on Monday afternoon.

Mrs. O. I. Onstad, president of the club, reports that Mrs. Roberts gave a talk revealing a keen knowledge and an intense love for African violets in a charming manner set off by her southern accent which was received in an enthusiastic manner by those present.

She reports that the speaker advised the club about the best type of soil, recommended the clay pot for containers and the putting of Protekt lead tape on the top of the rim of flower pots to protect the leaves.

Mrs. Roberts discussed plant food and proper watering, advising the use of water at room temperature for keeping plants moist, but not wet. She said that water should not stand in the saucer or in the container, for it would make the soil sour and moldy.

Plenty of diffused light was advised as was the turning of plants frequently. A north or an east window was recommended.

The speaker gave much detail on the description of the various varieties and told about the African Violet Society of America, Inc., its program and its work.

A humorous poem about the violets ended her talk.

At the meeting, greetings were read from Mrs. Ed Dompe who is now vacationing in Hollywood, Fla., and Mrs. Hays distributed greeting folders from Marge Lyon, Chicago Tribune columnist now associated with the School of the Ozarks at Point Look Out, Mo., which contained gourd seeds.

Suffers Broken Arm

Bryan Cain suffered a fracture of one arm in a fall during the first minute of play of the Freshman basketball team at Palatine Saturday.

ROULETTE ANYONE?

High School Board Will Not Endorse Union Of Teachers; Rents Hall To It As Public Policy

The fact that the Antioch Township High School Board of Education rented the auditorium of the high school to the Antioch Division of the American Federation of Teachers, an AFL-CIO affiliate, does not mean that the board endorses the local union.

A statement of the board says it has no legal right to deal with an employees union and probably will not recognize the organization as a bargaining agency.

The statement said:

"The Antioch Township High School Board of Education as a public agency has no legal right to deal with an employees' union. Therefore, the Board disclaims any endorsement of Local 504, the division of Lake County Federation of Teachers which has scheduled a meeting at 8 p.m. Thursday in the high school auditorium."

"The Board has rented the auditorium to Local 504 on the same basis as it has rented the facilities to other organizations in the Antioch community."

Albert Sodman, Sr., 61, Russell Resident, Dies

Albert Sodman, Sr., 61, of Russell, Ill., died Sunday at the Lake County hospital following a lingering illness.

Mr. Sodman moved to Russell in 1938 from Highwood and operated a garage there.

Surviving are the widow, Vera, one son, Albert Sodman, Jr., of Antioch, one daughter, Mrs. Clifford Crittenton, Rosecrans, and seven grandchildren.

The funeral service was held yesterday from the Tobin chapel in Waukegan, and interment was in Highland Park cemetery.

Schneider Candidate For Representative In General Assembly

Former County Treasurer, Hugo L. Schneider, Jr., today announced his candidacy for Representative in the General Assembly on the Republican Ticket in the primary election next April 10.

He will seek election to fill the legislative post made possible by the re-apportionment bill which has given Lake county its own 31st Representative District.

Coming from the ranks of the Young Republicans, Schneider has served as chairman of the Highland Park Young Republican Club, is a former member of the Lake County Republican Central committee, and is active in Republican circles throughout the county.

Schneider, a native Highland Parker, served four years with the U.S. army during World War II seeing duty in the European Theatre. He and his wife, Vienna with their four children reside in Highland Park.

Antioch Sewage Plant Adequate for 5,000

The Antioch sewage treatment plant will be adequate until 1960 when the village will have a population of 5,000, according to the Chicago Regional Planning Association.

The report says that the village has practically 100 per cent users of its sewer system.

Lake Villa has an abatement order for a treatment plant which is being prepared for by engineers.

Red Heads Present Hilarious Game at High School Monday

Olson's Red Heads, girl professional basketball players, were all that they were advertised and the crowd of 750 persons who saw them play the Antioch Scouts, former high school stars, were exceptionally well entertained Monday night. The Red Heads won the game, but few who saw it remember the score and the Scouts want to forget it. The girls won, but the victory wasn't the important thing. It was the comedy and the deft handling of the ball that made the game enjoyable.

The boys excelled in the rebounding, but elsewhere the girls played just as good a game.

Pat Murphy and Major Samuel Ellas of Great Lakes did the refereeing and for the laughs they injected some foul calling that couldn't be found in any rule book.

As a preliminary to the big game the Channel Lake Grade school played the Antioch Grade school and won 52 to 32.

The event was not much of a money maker for the Chamber of Commerce which sponsored it. Too few of the higher priced seats were sold and the lower priced seats merely served to meet expenses.

Teacher Union Leaders To Give Public Talk At H. School Tonight

Carl J. Megel, president and Turner H. Trimble, vice-president of the AFL-CIO American Federation of teachers, both of Chicago, will speak on current school and teacher problems at a public meeting of the Antioch division of the Lake County Federation of Teachers, Local 504, at 8 o'clock tonight at the high school auditorium.

Megel and Trimble are to give the answers to the question, "How can the American Federation of Teachers help American education?"

The speakers will be introduced by the president of the Lake County Federation, Ben Dougherty, of 204 N. County st., Waukegan, Ill., who is to preside.

Megel, a classroom teacher, including at Lake View High, Chicago, for more than 30 years before being elected president of the American Federation of Teachers four years ago, is said to be an authority on school problems countrywide.

He is expected to discuss the crisis in American education, the need of federal aid, and the role of teachers and labor in obtaining better schools and correcting the teacher shortage.

Trimble, a former member of the University of Illinois faculty as assistant dean at Herzel Junior college, Chicago, and is serving his first term as vice-president in the National Teachers' Federation, after holding various offices in the Chicago Teachers Union Local 1. He is active in several Chicago civic and community organizations.

The Antioch division of the union was organized two months ago with Robert Chandler, new mathematics teacher as president; and John Grady, biology teacher, as secretary. Half of the teachers of the high school have joined.

Fair Board Meets Jan. 16

The annual meeting of the Kenosha County Fair board will be held January 16, at Wilmot High school. Directors will be elected and other business transacted.

Antioch Beats Warren and Palatine Through Aggressive Contests

Will Play Ela-Vernon High at Lake Zurich Friday Evening

Antioch High School's basketeers will seek a victory at Lake Zurich tomorrow evening at the expense of Ela-Vernon Township High school after chalking up two victories last weekend.

The Sequoits polished off the Palatine Pirates Friday evening 70 to 44.

Sid Parker led the scoring with 19 points with Al Reckers a close second with 17 points. It was one of Parker's best nights and gave notice to future opponents that all members of the Sequoit team are potentially dangerous.

Economic Highlights

It is a basic premise of communism that capitalism murderously exploits the masses of working people, and reduces them to the dullest of clods with barely enough of the material things of life to keep body and soul together. Thus, Marx and Engels wrote, in The Communist Manifesto: "The work of the proletarians has lost all individual character, and, consequently all charm for the workmen. He becomes an appendage of the machine, and it is only the most simple, most monotonous, and most easily acquired knack, that is required of him. Hence, the cost of production of a workman is restricted . . . to the means of subsistence that he requires for his maintenance, and for the propagation of his race."

This quotation precedes an article in Newsweek entitled "The Union Man." The article's purpose is to give a picture of the kind of person who will "help determine the course of labor-management relations in the United States during the next decade or two." For, it is obvious, the powers-that-be in the newly-joined AFL-CIO labor organization won't get far unless they earn the approval of the 15,000,000 union members.

To sit for the picture, Newsweek chose a 32-year-old layout inspector in a plant of one of the major auto manufacturers. He isn't typical, the magazine points out—nobody can really be called that. But he is representative. And the Marx-Engels portrait of the worker bears as little resemblance to this actual one "as surrealism's nightmare."

He has worked for his company since graduating from high school and has steadily moved upward. He puts in alternate 40 and 48 hour weeks, for which he receives \$108 and \$140 respectively. In addition, he earns \$40 to \$50 a month for lunch-hour work for a catering company.

His living standards would make Marx and Engels and their present-day counterparts blink their eyes in disbelief. He, with his attractive wife and son, live in a house valued at \$17,000. His car is a 1955 medium-priced model—and the car and the house are the only possessions he owes for. The house has all the modern conveniences, down to the TV set. He has a substantial amount of life and other protective insurance. For a hobby, the family raises registered German shepherd dogs.

He is a good union man, though he has reservations about the new merger and the talk of a 30-hour week. He is also a Democrat—but he thinks "Ike has done a pretty good job." Apparently he plans to vote Democratic next time, too—yet "he won't be too disturbed if the Republicans stay in power."

As Newsweek sums it all up, in the way he lives and in his aspiration he "isn't much different from other Americans."

The skilled American worker, in other words, has made and continues to make enormous gains, judged by any criteria. And the representative worker, it certainly seems, is a fairly conservative chap, who likes his job and his life in general and

isn't easily moved to extremes of attitude. Men such as this constitute the core of the organized labor movement today—and it certainly is quite a question as to just how susceptible they are to the mandates, political and otherwise, of the union spokesmen. It looks as if they are in the habit of thinking for themselves.

*** * ***
Grass Root Opinions

FAYETTEVILLE, N. Y., EAGLE-BULLETIN: "Are a few dollars in federal aid (which you, as a taxpayer would pay in the first place) worth the sacrifice of the free educational system? Are a few dollars in federal aid worth learning from books and teaching standards established by a vast federal government that consciously or unconsciously would include political thinking in its mandates?"

ANAHEIM, CALIF., BULLETIN: "It might be well for the public power forces to glance at the State of Washington, long a citadel of their philosophy. Just recently the voters of Stevens county decisively rejected public power in favor of a private utility. The issue briefly was: should the private utility buy out the public utility district operations, or vice versa? The question of rates did not enter into the picture. It was strictly an ideological question—private enterprise vs. public control."

ALEDO, ILL., TIMES RECORD: "The combined CIO and AFL would be wise to see that they don't kill the goose that lays the golden egg. When factories shut down, strikes and wage demands seem pretty puny. If business suffers, labor will suffer even more."

PENSACOLA, FLA., STANDARD: "Buy your stocks from reputable brokerage houses, do not invest in the many uranium and oil stocks until you have consulted with a brokerage expert, who has investigated the stock, and never buy hurriedly . . . to get in on a windfall profit, which must be taken advantage of immediately."

MARYVILLE, TENN., ENTERPRISE: "Electronics can even be a very decisive prenatal influence in a pig's life: it is now possible to record the genealogical records of hybrid sows on punched cards and have them fed into a complex business computing machine which thereupon will produce a card describing the kind of boar and sow needed to produce the healthiest and heaviest baby pigs. Old MacDonald's farm was never like this!"

ANTIGO, WISC., DAILY JOURNAL: "One of these days someone will demand that Washington guarantee profitable operation for those engaged in distribution as well as for those engaged in production. They probably won't get it, with producers and consumers united in opposition, but it will stimulate some logical thinking."

*** * ***
Government Wins Again

The government hit the jackpot again on Dec. 6. On that occasion, an attractive young woman Ph. D. won \$64,000 on the enormously popular TV show, "The \$64,000 Question." She did this by answering an almost incredibly difficult series of questions concerning boxing, all the way from ancient Roman gladiatorial days to the Dempsey-Firpo fight.

Just how much she must pay in income taxes can't be detailed exactly. However, a single person with an income of \$4,000 who won the \$64,000 would have a tax bill not far short of \$40,000. Inasmuch as the young woman winner is a practicing psychologist and her husband is a medical doctor, it may be presumed that the \$64,000 will push their total taxable income into extremely high levels. Yes, the government is the real winner.

Lake Villa

Mrs. C. B. Hamlin, Correspondent
Tel. Eliot 6-3344

Circle No. 2 of Woman's Society of Christian Service held its regular meeting on Monday evening this week with Mrs. William Greene who lives on Petite Lake road, with Mrs. Bernard Knipple presiding.

Mr. and Mrs. Charles Kelly have heard recently from the Rev. Walter MacArthur family who now serve a large church at Twin Falls, Idaho which is carrying on an extensive building program costing \$175,000. Rev. MacArthur served the Community church here while he was a student at Garrett. He was stricken with polio last July, but it was of the non-paralytic type and requires therapy once a week. He has recently written a 200 page book on the New Testament with material from the Book of Revelation and used by teacher and study groups. They have two children, Jon and Janet.

Miss Irene Perry who has been doing secretarial work near San Francisco, Cal., has accepted a position in Waukegan and her father made the trip west with her to return with her car.

The Woman's Society of Christian Service Circle No. 1 will meet on Wednesday, Jan. 18 at the church and Mrs. Plummer and Mrs. Blust will be hostesses for the dessert luncheon at 12:30. Mrs. Bessie Boyer will be in charge of the devotional period.

Mrs. Marie Hamlin, Mrs. Lutie Boehm, Mrs. Mayme Kapple and Mrs. Georgia Avery were luncheon guests of Mrs. Cora Hamlin at her home on McKinley avenue on Thursday last week.

Mr. and Mrs. Clifford McCarthy and daughters, Carol and Janet, visited relatives in Chicago last Sunday.

Mr. and Mrs. Don Cremin has as guests over the week end Mrs. Cremin's mother who lives in Chicago. The Auxiliary of Lake Villa Memorial Post No. 4308 of VFW held its regular meeting at the recreation room of the fire station on Wednesday evening, Jan. 4, with a good attendance. After the business meeting Mrs. Frances Barnstable showed pictures of her trip to Colorado last Summer, and also pictures taken at the VFW Christmas party at the school gym. Hostesses for the evening were Mrs. Dorothy Barnstable, Mrs. Shirley Nader and Mrs. Dorothy Jordahl.

Mr. and Mrs. B. J. Hooper and Mrs. Marie Hamlin visited Mrs. Anna Belek at the rest home at Fox Lake last Sunday afternoon.

Mr. and Mrs. C. W. Reinebach have closed out their entire stock of merchandise after nearly thirty years in business here and left Wednesday for a two months vacation stay in Florida. They were accompanied by Mrs. Reinebach's sister and husband, Mr. and Mrs. Joe Eberler of Grayslake.

"LITTLE BILL" your electric friend, says:

**"Hours of entertainment
for just pennies!"**

Only 3 cents' worth of electricity
brings you 4 hours of the best in
drama, sports, and comedy on TV.

How Public Service Company keeps your
electric bill down (while everything else goes up)

Most things have doubled in price... but not electricity. Although you're using far more of it today, electricity actually costs you less per kilowatt-hour than in 1930.

One way we keep your electric bill low is through continuing research. Our engineers have found many ways of increasing efficiency of all kinds of standard equipment. Recently, for example, they added 15% to the load-carrying capacity of "pipe-type" cable simply by burying the line deeper.

As a result of this constant search for a "better way", today you're getting almost twice as much electricity for your money as you did 25 years ago.

Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)

Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 205 h.p.! It's charged with sheer action!

Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!

Action that helps you zoom out of trouble spots almost as quickly as they develop!

And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.

Of course, Chevrolet brings you the security of safety door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

Come in and drive a new Chevrolet. We've got one ready and waiting for you.

SOCIETY EVENTS

Mrs. Art Meyer Will Address Woman's Cl. on Interior Decorating

Mrs. Bette Meyer of Art's Paint Store will talk on interior decorating before the Antioch Woman's club when it meets at 1:30 p.m. Monday, Jan. 16 in the Scout house. She will show a film and demonstrate wall-papers and fabrics.

A representative of the Lion's club will be present to speak on the swimming pool for Antioch.

Mrs. Clarence Spiering, president of the club, has asked that members attend the meeting so that they may express themselves on the newly proposed redistricting of the Women's Club for the State of Illinois which will affect Lake county.

A board meeting will take place at 12:30 p.m.

Hostesses for the afternoon who will assist Mrs. O.W. Turner, chairman, are Mesdames George Bacon, John Brogan, D.N. Deering, William Petty, William Lemke, M.J. Connell, K.F. Deitrick and Fred Oschmann.

• • •

W.S.C.S. Circles Hold Meetings Next Week

The various circles of the Woman's Society of Christian Service of the Methodist church will meet as follows:

Mrs. Robert Wilton's Evening Circle will meet at 8 p.m. at the home of Mrs. D. Sitter.

Mrs. F. Hennig and Mrs. D.M. Krieger's Circles will meet at 1 p.m. Jan. 18, for dessert luncheon at the home of Mrs. George Grunow.

Mrs. D.N. Deering and Mrs. John Wagner's Circles will meet at noon Jan. 17, for luncheon at the home of Mrs. John C. Wagner.

Mrs. Clara Westlake and Mrs. Einar Petersen's Circles will meet at 1 p.m. Jan. 18, for dessert luncheon at the home of Mrs. Charles Wertz with Mrs. Burt Anderson as co-hostess.

Mrs. William Petty and Mrs. Sam Ries and Mrs. H. Grenzen's Circles will meet for one o'clock luncheon on Jan. 18, at the home of Mrs. George Good.

CHILD CARE COMMITTEE PROVIDES PROGRAM FOR WOMEN OF THE MOOSE

The Child Care committee had charge of the chapter night program of the Women of the Moose last Thursday night and showed a film on detection of breast cancer.

One candidate was elected to the home chapter. She is Ruth Fitzsimmons.

The publicity committee announced a parcel post sale and pot luck supper to be held in February. The Mooseheart alumni and Moosehaven committee announced a card party to be held Friday, Feb. 3.

Sandwiches and coffee were served by the child care chairman Arvis Nelson, and her committee.

• • •

Honored at 81st Birthday

Mrs. Ida Shunnesson was honored at a birthday anniversary luncheon given for her at the home of Mrs. William Dunworth at Bluff Lake rd. Monday. Gifts were presented to her and later Samba was played. Those present were Mesdames James Smith, Erich Kirschke, Fred Dittmer, Fred Gross, Charles Padlock, Ed Vistain, Elizabeth Anzinger, Lula Willey, Minnie Smith, and Nancy Dunworth.

Central Students Enter Contest

Preliminary examinations in connection with the fifteenth Annual Science Talent Search were held Thursday, December 22, at Central High School, Salem, under the supervision of E.L. Conway.

Students taking the science aptitude test were: Tim Schlaak, Larry Solberg, Jerry Blodgett, Jim Rhodes and Roy Nelson.

The Science Talent Search for the Westinghouse Scholarships is conducted annually by Science Clubs of America, administered by Science Service. The purpose of the search is to discover and foster the education of boys and girls with skill, talent, and creative originality in science.

Forty boys and girls who lead in the preliminary examinations will be given all-expenses-paid trips to Washington for five days early next spring and take the final examinations for the scholarships.

Prince of Peace Altar and Rosary Society to Hold First Installation

The Altar and Rosary society of the Prince of Peace Catholic church, Lake Villa, will hold its first installation of officers to serve a full term at 8 p.m. Monday, Jan. 16 at Frolik's dining room, Rte. 83-21.

Mrs. Robert Vaughan, Venetian Villa, will be installed as president. Other officers to be installed are Mesdames Raymond Yancey, Rte. 59, vice president; Edward Warshal, Venetian Village, secretary; Winsor Daigaard, Lake Villa, treasurer.

The installation will take place with the use of the ritual of the Archdiocesan Council of Catholic Women. Mrs. Richard Hedberg, past president of Lake County district, will be the installing officer. Refreshments will be served following the installation ceremony.

Chas. Mason to Speak On Lincoln at P.T.A. Meeting Monday Night

Asst. State's Atty. Charles Mason will speak on President Abraham Lincoln at the Parent Teacher association meeting of the Antioch Grade school at 7:30 p.m. Monday. His talk will follow a short business meeting.

Atty. Ted C. Larson will give a short talk on the proposed Lions Club swimming pool for which stock is now being sold.

Fourth grade mothers with Mrs. Robert Radke, Mrs. Harry Behrens, and Mrs. Lee Ibsen as chairmen will be in charge.

Freshman Teams Win

Antioch Freshmen A and B basketball teams won their games playing the Palatine A and B teams Saturday. The A team won 62 to 28. The game was close until the final quarter when Antioch peppered the baskets. Leroy Gallagher made 22 points. The B team was behind 10 to 8 at half time, but rallied to gain a 26 to 25 victory. With 30 seconds to go Ray Tempi got his fifth basket which put Antioch in the lead. Bill Jarvis then stole the ball from Palatine and the Paoopos stalled out the clock. Stewart Good is the freshman coach.

Sophs Beat Warren, Palatine

Imitating the varsity, the Frosh-Soph team of Antioch High school won over the underclassmen of Palatine and Warren last weekend.

The younger Sequoits beat Palatine 69 to 44. Four Antioch players, Bob Paulson, Art Hanke, Dick Behrens and Terry Horton all made 11 points or more. On Saturday night the Frosh-Soph team beat Warren 50 to 45. Art Hanke was high point man with 25 points.

• • •

Richard Dittmer returned to his duties as student teacher at Main Township High school after spending a week with his parents, Mr. and Mrs. Fred Dittmer of Grass Lake, and friends. He is a senior at Northwestern University. Also a guest at the Dittmer home was Miss Margaret Herrold of Washington, D.C., who is also a junior at Northwestern.

• • •

Mrs. Ethel Runyard of Channel Lake, entertained her sister Miss Ida Baldwin and Miss Jeanette Richen of Elgin on Sunday.

• • •

A closed installation of the Rebeleth Lodge will be held at the I.O.O.F. hall Wednesday evening, January 18, at 8 p.m.

Mrs. R.F. Bensor, of Volin, S.D., is visiting her daughter, Mrs. M.M. Stillson of Spafford st.

Mr. and Mrs. Henry A. Mau of Shady Nook, Lake Marie have both been on the sick list for the past week.

Three Slough Grass Fires

Three grass or slough fires drew the attention of the Antioch Fire department during the past week.

The fires were called out at 2:45 a.m. Saturday and fought a slough fire at the William Horton farm on Rte. 173. Twenty acres were burned over, Chief Edgar Simonsen said.

At 11 a.m. the same day a grass fire at Loon Lake near the Claire Elliott property warranted a call, and at 3 p.m. Tuesday the firemen battled another 20-acre blaze east of the village property north of Rte. 173.

• • •

Antioch M.Y.F. Enters Intervillage Athletics; First Contests Sunday

The Antioch High School Methodist Youth Fellowship is joining with the MYF's of Ingleside, North Prairie, Winthrop Harbor and Zion in a new athletic league.

The rules were drawn up at a meeting on December 11, at Winthrop Harbor, by representatives of each M.Y.F.

Teams of the Antioch M.Y.F. will participate in a girls' volleyball tournament, a mixed volleyball tournament, and basketball tournament. The first basketball game was played on Sunday, January 8, with Ingleside at Fox Lake, and each of Antioch's three teams will meet teams from Zion on Sunday afternoon, Jan. 15 at 3 p.m. at the Antioch Grade school gymnasium.

St. Ignatius' Auxiliary Begins New Year With New Set of Officers

New officers were in charge when the Woman's Auxiliary of St. Ignatius' church met at the home of Mrs. Roderick Ames on Rte. 173 west of Skokie Hwy. at 1:30 p.m. yesterday.

The officers are Mrs. M.M. Stillson, president; Mrs. Rodney Ames, vice president; Mrs. Jack Steiber, second vice president; Mrs. John Horan, secretary; and Mrs. Loren Sexauer, treasurer.

The evening meeting of the auxiliary will be held in the parish hall at 8 p.m. Wednesday, Jan. 25.

The annual parish meeting at which all church reports are given and the new vestry is elected will be held Sunday at 4 p.m. in the parish hall. A pot luck dinner will follow which all members of the family are urged to attend.

• • •

Parents of Son

Mr. and Mrs. Everett Phillips of Lake Marie are the proud parents of a baby boy, Charles John, born Dec. 30, at Victory Memorial hospital in Waukegan. The little boy weighed 4 lbs. 12 oz. at birth. This is the first child.

Countywide Checker and Chess Tournament at Waukegan, Jan. 19

The annual chess and checker tournament of the Waukegan Chess and Checker club will begin at 7:30 p.m. Thursday, January 19, according to Craig Henderson, tournament director. This year's tournament is open to any player in Lake county.

Anyone interested in participating in the tournament may register at any of the regular playing sessions, which are held at the Elks Service Center, 150 South Sheridan Road in Waukegan, but entries will close on January 17.

Players who are unable to be personally present to begin the tournament may register by calling the playground and recreation office in Waukegan, Ontario 2-7233, or Mr. Henderson at Elliot 6-4354.

Participants are assessed a \$1.00 forfeit fee, which will be returned if they complete all of their matches. Awards are made to first and second place winners in each class. Usual procedure is also to break up the tournaments into open and novice classifications.

Malaria Eliminated

Malaria mosquitoes scoured the beautiful Mediterranean island of Cyprus from the dawn of history, but modern insecticides in the years since World War II have completely eliminated the disease.

Record Road Letting, 21,900,000 Set for Jan. 27 at Springfield

The largest road letting in the history of Illinois, totaling \$21,900,000, to be held at Springfield Jan. 27, will open Governor William G. Stratton's 1956 highway construction program.

Bids will be taken on 69 projects in 34 counties. One of the biggest jobs is the laying of two additional lanes of pavement on 35 miles of U.S. Route 66 in Will county. This will complete Governor Stratton's conversion of Route 66 into a four-lane divided expressway from Chicago to St. Louis, and is expected to cost about \$9,700,000, including a DesPlaines river bridge.

The Jan. 27 letting will be the first of eight on the \$127,000,000 road building schedule set up for this year. Work will also be carried forward on unfinished highway building projects totaling approximately \$53,000,000 which was started during 1955.

Lake county roads are included.

Driver Licenses Revoked
Eight Lake County motorists are without licenses as the result of the revocation of them by Secretary of State Charles F. Carpenter. All revocations were for driving while intoxicated. The offenders were

Ernest Joosten, and John Singletary, North Chicago; Elbert K. Sewell, Zion; Elmer Jarvis, Downey; Martha Sell and William Hudson, Waukegan; Leslie Hamilton, Great Lakes; and Richard Lindahl, Highland Park.

Firemen Fight Slough Fire for Fourth Time

Fire Chief Edgar Simonsen said today that the slough fire which 21 firemen fought late last night was set. This is the fourth time that this particular slough on rte. 173, east of Antioch, has been ablaze.

The fire which lit the entire sky in the vicinity, threatened homes and other property. Residents of the subdivision helped the firemen bring the fire under control without damage.

Simonsen added that legislation by the First Fire Prevention District provides for heavy penalties for setting fires of this type, and that permits to burn grass must be obtained before starting the fires.

A strong magnet placed in a paper bag provides a quick and easy way to pick up iron filings and shavings, says the January issue of Successful Farming magazine. The filings, which cling to the outside of the bag, can be discarded by holding the bag over a trash can and removing the magnet. By use of the bag, the filings drop into the can and the magnet stays clean.

The average farm worker spends 40 per cent of his time working with livestock today as compared to 30 per cent before World War I.

Dairy calves fed directly from an open pail on the floor during their milk more rapidly than calves fed from nipple pails or nipple bottles.

Calves that make the most money for farmers are born in January, February, and March.

Cabbage White

One of the most familiar of all Virginia butterflies is the European cabbage white, introduced from Europe after the middle of the last century, which has thoroughly taken over its new home. This is due partly to the fact that it is extremely prolific, producing as many as eight broods a year where cabbages are plentiful. It will eat almost anything, but on other plants than cabbage seldom produces more than four or five broods.

Harvest for Americans**U.S. Savings Bonds**

LEGAL NOTICE FOR BIDS
NOTICE IS HEREBY GIVEN that the ANTIOTH HILLSIDE CEMETERY ASSOCIATION desires to engage a caretaker for said Cemetery for one year beginning February 1, 1956, on a contractual basis, and invites sealed bids of application for said position.

Said bids will be received at a meeting of said Association on the 31st day of January, 1956, until 8 P.M., Centray Standard Time. The Association reserves the right to reject any or all bids, to waive any informality in any bid, and to accept any considered advantage to said Cemetery or said Cemetery Association. All bids should be addressed to Mrs. Joseph E. Horton, Clerk of said Association, at 999 Victoria Street, Antioch, Illinois.

DATED this 10th day of January, 1956.

THE ANTIOCH NEWS
Antioch, Ill.

It's Story Hour Time For Tiny Tots

Mrs. John Cahill, Jr., of Channel Lake is shown with a group of children as she conducts a story hour at the Antioch Township Library from 2 to 3 p.m. each Saturday. Youngsters from the age of three up to those in the second grade are especially invited to the program which was initiated Dec. 1.

Participating in ceremony for Renewal of Charter for Boy Scout Troop No. 91 of Antioch, are left to right: Marvin Heath, assistant scoutmaster; Commander John Horan, Jr., of the American Legion, sponsoring organization; Chester Golonka, Scoutmaster. Seated at back: Harry Jesse, assistant district commissioner, who gave the charge.

Egg care takes up to 58 per cent of the time spent by a poultryman with his laying flock, according to the January issue of Successful Farming magazine. In contrast, feeding the hens required only 16

per cent of the time used; management five per cent; pullet management, 15 per cent; and maintenance, bookkeeping, and pest control, 6 per cent.

Pudding With Cake Texture Has Fragrant Molasses Touch

Reminiscent of gingerbread in flavor, yet with a more moist texture, is wonderful old-fashioned molasses pudding.

This early-American dessert, championed by every generation tasting it, continues to be a specialty at many fine restaurants featuring American recipe classics.

Superb of flavor, it's truly simple to make. The dry ingredients (flour, sugar and spices) have the butter "cut in" as for a crumb-type topping. As step two, combine delicate unsulphured molasses, water and soda. Alternate layers of the crumb mixture and the liquid in a square pan, and the pudding is ready for baking. The dessert can be cut into squares or spooned into serving dishes, and you'll have a moist gingerbread cake marbled with spicy crumb mixture. Serve hot or cold with a favorite fruit sauce.

Old Fashioned Molasses Pudding

2 1/4 cups sifted all-purpose flour 1/2 cup butter or margarine
1/4 cup sugar 1 cup unsulphured molasses
1/4 teaspoon nutmeg 1 cup water
1 1/2 teaspoons cinnamon 1 teaspoon baking soda
1/4 teaspoon salt 2 3-ounce packages cream cheese
1/2 teaspoon salt 2 tablespoons milk

Sift together flour, sugar, nutmeg, cinnamon and salt. Add butter; cut with two knives or pastry blender to resemble coarse meal. Combine unsulphured molasses, water and soda. Alternate crumbs and liquid in a greased 8 x 8 x 2 inch square pan, beginning and ending with crumbs. Stir gently only 2 or 3 times with a fork. Bake in a moderate oven (350°F.) 1 hour. When ready to serve, blend together cream cheese and milk. Cut cake into squares; place spoonful of cream cheese on top of each square. Top each serving with "Orange Sauce".

YIELD: 9 servings.

***Orange Sauce**

1 tablespoon cornstarch 1 cup orange juice
1/4 cup sugar 2 teaspoons grated orange rind
1/4 teaspoon salt 1 orange, sectioned

Mix together cornstarch, sugar and salt in a saucepan. Blend in orange juice gradually; add orange rind. Cook over medium heat, stirring constantly, until mixture comes to a boil. Add orange sections; heat.

YIELD: Approximately 1 1/4 cups.

Antioch Beats Warren...

(Continued from page 1)

then exploded for 28 points in the final eight minutes for a clear victory.

It was the rebounding of Wayne Herbst who came up with 20 points that gave Antioch the clear defeat of the Warren Blue Devils. Walsh's aggressive performance accounted for 15 points. Gerry Huml again helped Antioch control the boards.

ANTIOCH, 320

The Norge Ski Club, which has been conducting jumping tournaments on "transplanted" or "manufactured" snow since 1920, will give their know how to Olympic officials at Cortina, Italy.

That is when the winter Olympic games start on January 26, culminating in the jumping competition February 5.

A photographic record of preparation of Norge hill at Fox River Grove for the club's 51st annual tournament next Sunday will be made and forwarded to Cortina.

Oddly enough, that Italian skiing resort is faced with a snow shortage unless there is a shift in the weather before the games begin.

Plans already are being made to haul snow from neighboring areas in 200 trucks and 4,000 of Italy's crack mountain troops will do the work.

This is a new experience for the Italians. But the Norge club has been defying the weather man successfully for 36 years without a postponement.

Most memorable of the club's victories over adverse weather was in 1932 when the Norwegian Olympic team jumped to victory at Fox River Grove with the temperature at 70 degrees.

Esko Mommo and Pentti Uotinen, the Finnish stars who will compete at the Norge meet Sunday, arrive in Chicago Wednesday.

They were rushed from Kuopio to Helsinki to take a plane immediately after their selection in trials held last Sunday.

Rev. Kenneth M. Plummer and family of the Community Methodist Church, Lake Villa, will leave for Mt. Vernon, Iowa, on February 1 where Mr. Plummer will be Associate Professor of Religion at Cornell College.

Cornell College is a liberal arts school associated with the Methodist church. It has an enrollment of about 800 students from many

denominations. A large number of the students come from Illinois and the Chicago area in particular.

Mr. Plummer has been minister of the Community Methodist church for two and a half years. During his pastorate the membership has almost doubled, and a beginning has been made on plans for a new church.

Springfield, Ill. —Now that the holiday season activities are concluded, motorists are urged by Secretary of State Charles F. Carpenter to apply for their 1956 motor vehicle licenses without delay.

The automobile department is equipped to handle a much heavier flow of both mail and over-the-counter applications than is being received at present, and the entire processing of applications has been speeded up, Mr. Carpenter said.

For those two reasons, it is planned to advance the deadline for display of the 1956 plates, Secretary Carpenter said. Last year's deadline was February 15.

Mr. Carpenter emphasized that the deadline is for display of plates, not merely for mailing the application. The application should be mailed about 10 days before the deadline to allow time for the plates to be delivered, he said.

When It Snows, It's Time For Citrus

Fortunate are we that Florida harvests its huge crop of oranges and grapefruit this time of year, when the sunny citrus fruit provides us with needed nutrients for fighting winter ailments. The best natural sources of vitamin C, they should be used in the daily diet, either as juice or sections, by people of all ages.

Fruit is a particularly good dessert or after-school snack for youngsters, and you'll find a fruit cup of shimmering grapefruit sections is a good thing to hand Junior when he comes in with his nose red from winter play. Here each fruit cup is topped with a spoonful of hot mince meat—the flavors combine wonderfully well. Grapefruit halves are easy-eating; serve them for breakfast, lunch or dinner. Easy-to-peel Temple oranges and tangerines are ideal for lunch boxes.

Arm yourself with plenty of ammunition for your anti-sniffle campaign.

The car says GO and the price won't stop you!

Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't make a better investment in dependable, carefree motoring.

The good things you've been hearing about Pontiac for years assure you that.

But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed!

A short spell behind the wheel will nail that down. Come along for a drive and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8.

Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic® and you've got the smoothest take-off that ever brightened a highway.

And remember—this easy handling dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth a stretch of rough road that's bothered you!

Now see why they're calling this the greatest "go" on wheels?

More than that—it's the greatest buy on wheels! And that too, is easy to prove.

Look at the price tag—check our deal—nothing will stop it from being yours!

EVERY PONTIAC BUILT IS POWERED BY THE GREAT STRATO-STREAK ENGINE

and you have 15 beautiful models to choose from . . . 3 complete lines . . . 3 price ranges . . . 6 sleek 2-door and 4-door Catalina hardtops . . . sedans . . . station wagons . . . the magnificent Star Chief Convertible . . . a rainbow range of colors and interiors. Take your pick from the greatest glamour and "go" ever priced so low!

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three

Antioch Major League

Friday Evening, Jan. 6

Antioch Lumber and Coal Co. took all three games from Rausch Bros. Joe Horeld had high series with games of 202-188-181—551, Frank Kriska for Rausch's bowled 185-185-137—507.

Vern Baker, bowled 168-170-198 for a total of 534 as high man for Joe and Helen's who lost two to Klass Men's Store. Willie Kinder for the winners bowled 211-200-212—623 which was high series for the night.

High man for Volo Bait Shop was George Smith with games of 169-211-156—536. They lost two games to Hunt's Service Station, whose high man was Dave Stratton with games of 134-169-218—521.

Cermak's Real Estate took all three games from Feyerabend's, with a series of 943-935-854—total 2732. High individual scorers for the winners were Ed Propelka—209-205-182—596; Ted Ozga, 224-177-190—591; Carl Neuman, 190-244-138—572. Carl Gibson was high for Feyerabend's with games of 174-158-194—524. Team scores: 855-833-848—total 2538.

Miller's Insurance with games of 947-914-879—2740 total, won all 3 games from Keulman Jewelry. Neal Carney for the winners bowled 815 total with games of 245-198-172. The 245 game started with 6 strikes, then split. Frank Jelinski had high series for the Jewelers with games of 178-188-159—522.

LEGAL

STATE OF ILLINOIS)
COUNTY OF LAKE) ss.
TO WHOM IT MAY CONCERN:
PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake County, Illinois, that a public hearing will be held on February 2, 1956, at 1:30 P. M., in the Village Hall, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify by amendment thereto, from the R-4 Residential District, to the B-1 Business District, the following described real estate, to-wit:

That part of the North half of the Southeast quarter of Section 23, Twp. 46 N., R. 9, East of the 3rd P. M., described as follows: Beginning at a point on the South line of said North half of the North half of the Southeast quarter of said Section 23, 400 feet West of the Southeast corner thereof; thence West 1084 feet, more or less, to the shore of a channel; thence North 665 feet, more or less, to the North line of said North half of the Southeast quarter of said Section 23; thence East along said North line 1084 feet, more or less; thence South 662 feet, more or less, to the place of beginning, in Lake County, Illinois.

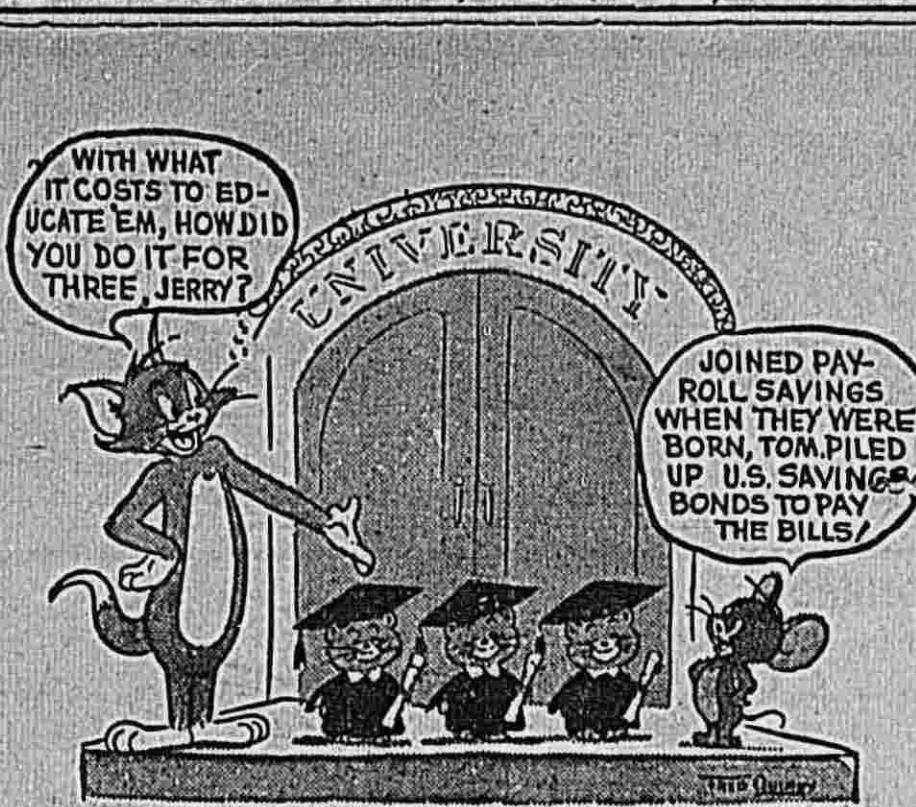

As a result of the petition of CHARLES G. PADDOCK AND ANNA A. PADDOCK, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

LAKE COUNTY ZONING BOARD
OF APPEALS
EARL H. KANE, Chairman
Dated at Waukegan, Illinois, this 12th day of January, 1956.

Ball-point pen ink may be removed from a washable garment by saturating the stain with rubbing alcohol, says the January issue of Successful Farming magazine. After soaking with alcohol, rub the stained area between fingers until the ink is softened. Then wash the garment in the usual way.

**BIGGEST
OF THE BIG 3
-and mighty proud of it!**

You certainly should look at
the '56 Buick SPECIAL!

We've said it before, and we'll say it again: If you can afford any new car, you can afford a Buick—and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars—naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick—for over two years running now.

That means Buick prices are well within reach of more and more people—thanks primarily to the budget-tagged Buick SPECIAL, like the one pictured above.

And that's the whole point of the matter.

For this low-priced Buick SPECIAL—so close in

cost to the smaller cars—is so much more automobile for the money, it's the stand-out buy of its field.

It's the biggest of the Big 3 in power thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coil-spring ride—in the sweep of its styling—and in the pure thrill of its performance.

For where else but in Buick can you get the nimble getaway, the gas-saving mileage, the electrifying switch-pitch action and the

absolute smoothness of the new Variable Pitch Dynaflow?*

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the money—but nothing to how proud you'll be when you boss a new SPECIAL. Can you come in tomorrow?

*Now Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

You Can Do Wonders With Wallpaper

This season's wallpapers are so highly imaginative, it would seem they could solve almost any decorating problem.

With the homemaker's need for more space, light and a feeling of wide-openness, wallpaper patterns now do much more than make a room livelier. They do special "jobs" within a room or from room to room.

As shown above, the traditional-in-feeling papers can soften the severe lines of modern furniture and give warmth and drama to a dark foyer area.

To give light to small dark rooms, there are increasing numbers of open-spaced patterns on light backgrounds. And, some of the new "trellis" designs create a feeling of infinite space. Semi-scenic patterns such as lightly sketched bridges, courtly buildings, trees and foliage carry the eye far into the "beyond."

There are patterns with rich color accents on softly textured light backgrounds for "blended" room schemes. Also these papers can be used to set apart a special area in the living room for televiewing or for dining.

The tricks with wallpaper are endless. There is so much that wallpaper can do for the homemaker, and so inexpensively, that one well-known home furnishings stylist remarked, "Nothing in the world decorates like wallpaper."

Ski Time in the Laurentian Mountains

Snow has made its appearance over the northern states and millions of devotees of the increasingly-popular sport of skiing are preparing to their favorite slopes to pursue this fascinating and exciting winter pastime.

Meanwhile, in the Laurentian Mountain area of the Province of Quebec, winter sports capital of the world, a blanket of powdery snow has already settled over the ground and skiing enthusiasts have waxed their hickories to begin a new season of stem turns and "Christies." Here, in this vast area just north of Montreal, bountiful nature has provided an endless variety of slopes to conform to the skills of every skier, from rawest beginner to expert "schusser." Accommodations, too, are plentiful—resorts, inns and pensions, ranging from ultra-luxurious to ultra-economical.

There's a distinct old-world flavor here which is bound to delight any visitor to the Laurentians. You'll find it in the warm hospitality, unique shops, and in the towns themselves which look as though they had just been brought over intact from France or Switzerland.

Vacationing in this winter wonderland is like going abroad, except that it lies so much nearer home and is so very much kinder to your pocketbook.

Only hours away by plane from almost anywhere in the United States, the Province of Quebec is equally accessible by train, bus or private car. Flying time from New York City to Montreal, for instance, is only an hour and three-quarters.

SPEND 15 MINUTES IN A "PowerStyle" CHRYSLER

learn why it's today's biggest buy of all fine cars!

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this one will show you why.

Suppose you are in the right-hand lane on an expressway . . . four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in eight seconds flat you're four lengths ahead of that moving truck and back in your own lane!

That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle"

Chrysler can deliver . . . with its great airplane-type V-8 engine.

And that's not all. There's full-time PowerPilot Steering . . . Pushbutton PowerFlite, the ultimate in automatic transmissions . . . and the big PowerSmooth Brakes that outlast others 2 to 1.

These are just some of the exciting new things that await you the first time you pilot a "PowerStyle" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!

Chocolate Invites You!

An All-Chocolate Cake, like this, is a handsome treat! And rich, unsweetened premium chocolate gives it a wonderful true-chocolate flavor... with allure enough to be a Party by itself.

Tender chocolate-chocolate layers are lusciously topped with Chocolate Seven-Minute Frosting—and those delicious-looking swirls on the very top are Half Moons of melted unsweetened chocolate, too.

Appropriately—this Chocolate Moon Cake lets itself go all sumptuous for Winter Parties. So light it with candles—the better to celebrate the holiday season.

Chocolate Moon Cake

2 cups sifted cake flour	2 eggs, unbeaten
1/2 teaspoon soda	8 squares unsweetened
1/2 teaspoon salt	chocolate, melted
1/2 cup shortening	Milk*
1 1/2 cups sugar	1 teaspoon vanilla

*With vegetable shortening, use 1 cup plus 2 tablespoons milk.

With butter or margarine, use 1 cup milk. Sift flour once, measure, add soda and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each. Add chocolate and blend. Then add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla; blend.

Pour batter into two round 9-inch layer pans, 1 1/2-inches deep, which have been lined on bottoms with paper. Bake in moderate oven (350°F.) 25 to 30 minutes. Cool. Spread with your favorite light chocolate frosting. Then melt 1/2 square unsweetened chocolate with 1/2 teaspoon butter; cool. Make swirled effect on top of cake by dipping top of teaspoon in mixture and forming half-moon swirls in frosting.

Food Sense—Not Nonsense

Like Mother, Like Daughter

Where do many girls, junior and senior high school age, get their ideas about food? The question long has concerned many parents and scientists.

Some of the answers apparently are to be found at home. Studies conducted at Iowa State College report a striking similarity between food likes and dislikes of older women and early teen-age girls. The shortcomings of the diets of these two generations are so much alike—like mother, like daughter—that it may be assumed that adult food habits begin about the junior high years. What happens is, that about this time, some girls decide to be independent about food. Sometimes, too, in the desire to be grown-up, they "kick over the parental traces" and pick a cheap diet.

What help is at hand for the mother who doubtlessly recognizes this—as one more adolescent characteristic? She can begin with the mid-day school lunch either carried from home or purchased at school. Its requirements are met in the Type A Lunch in this way: a serving of protein-rich food; three-fourths cup vegetables and/or fruits; one portion enriched or whole grain bread; two teaspoons butter or fortified margarine and one-half pint milk. This lunch furnishes one-third of the day's nutritional needs of a 12- to 16-year-old girl.

Many mothers very wisely take into consideration the school lunch when planning family meals, noting menus sent home by the school. These frequently offer her adventure in serving new foods, which add variety to family meals.

Mothers want to help their daughters grow into healthy young women. As to what foods should be eaten in addition to the good school lunch, the research at Iowa State College gives some leads. Although teen-age girls keep on growing, many do not correspondingly increase their calories, protein, calcium or other nutrients except perhaps vitamin C. Girls usually eat an adequate evening meal but often breakfasts should be more nutritious. Many girls might well join their brothers in a well chosen after-school snack. This might be a glass of milk and a generous-sized peanut butter sandwich. Both peanut butter and enriched bread are excellent sources of B vitamins, protein and calcium.

Here's a good trick for leftover hamburger buns. The January issue of Successful Farming magazine suggests toasting the split buns on one side. Then spreading the untoasted side lightly with one teaspoon of frozen orange juice concentrate and sprinkling with cinnamon and

sugar. Place under a broiler to brown and bubble up and serve hot.

State egg laws benefit all—State egg laws, intended to improve quality, stimulate demand, and benefit everyone, now seems to be going places.

REPORT OF CONDITION OF
STATE BANK OF ANTIOCH

of Antioch in the State of Illinois at the close of business on December 31, 1955. Published in response to call of Orville E. Hodge, Auditor of Public Accounts.

FOOD*...through the ages...***HANDY HINTS****Beauty From A Bottle**

The vast army of do-it-yourselfers are busily converting Schenley's elegant decanters into delightful objects of art to brighten the home or to give as gifts. Here are some helpful suggestions:

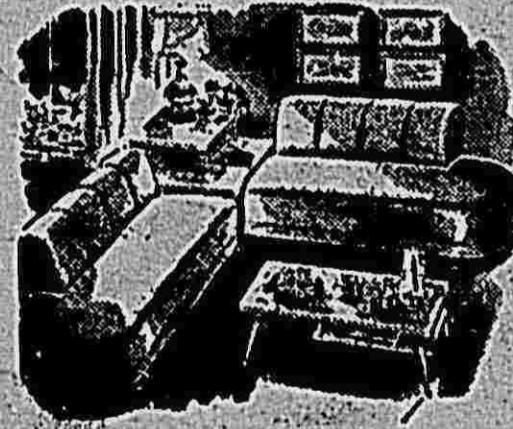

The gently tapered Schenley Reserve decanter makes an unusual centerpiece. Its slender and flared base pouring lip handle was carefully cut over the decanter in an unusual pattern.

Alternate layers of colored sand can be spilled carefully in the O.F.C. decanters in gay "sand painting" patterns which make decorative bookends.

The classic pattern of the Schenley Reserve decanter lends itself beautifully as a table container for oil and vinegar or both.

Food Sense—Not Nonsense**Tagged for Travel**

The atomic age has come to dinner, and the dinner story is about some—scientific—circle tours. The tours are the routes taken by the foods we eat as they are changed into energy and body cells. Values of many foods may be more readily studied since the discovery of those scientific laboratory tools—radioactive minerals. When the scientist adds minute amounts of a radioactive element to a food, he dubbs the act, "tagging."

From Washington University, come reports of how iron "tagged" for travel in various foods is used by the body. "Tagged" iron, also called radioiron, was introduced into iron-rich foods. These then became a part of the carefully controlled diets of a group of 30 healthy young people and also patients with iron deficiency anemia.

The "tagged" iron was added to foods by putting it in poultry

rations, by including it in the water solutions in which some vegetables are grown, and by adding it to flour from which enriched bread is made.

When these foods were included in the diet, the scientists were able to study the fate of the iron with equipment similar to that used by uranium prospectors. The radio activity revealed the location of the "tagged" food iron and the amount of radioactivity served as an index of the amount of iron present.

They found that people deficient in this mineral used more of the dietary iron than those who had sufficient stores of iron. It was also learned that iron was absorbed equally well from each of the "tagged" iron-rich foods. The absorption of iron from enriched bread was the same as that from the eggs, poultry or vegetables—natural sources of iron.

Tips on
Traffic
Safety

Secretary of State

motorist little time to avoid a serious if not fatal accident.

While driving in a business district, the motorist is faced with the hazard of the older persons who are not as spry as they once were and do not obey traffic signals.

While driving in a residential section, the motorist must be on the lookout for children. Statistics show that most children hit by vehicles are struck in residential areas and in mid-block. In many instances familiarity is fatal for older people in residential districts. A great many older persons are killed because they are familiar with neighborhood streets and become overconfident when crossing streets near their own homes.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTER, Secretary of State, Springfield, Illinois.

More Vegetables, More Ways

There's no excuse for vegetable monotony at the family table. The wide variety of vegetables, fresh, frozen and canned, plus the myriad of free recipes for preparing them, make happy eating as easy as the proverbial pie.

From now through autumn, fresh vegetables are at their best, in super market cases or at roadside stands. Several varieties of squash make delicious (and inexpensive) main dishes. (Golden-meat acorn squash, bright green zucchini or delicate yellow crookneck summer squash take to tasty ground meat fillings like poultry to celery stuffing.)

The recipe below specifies acorn squash, but zucchini or crookneck varieties may be substituted. The latter probably will take less baking time, depending on size and maturity. They should be baked only until just done, not soft or mushy. *Flavor Hints* when preparing squash as a vegetable:

Use Ac'cent along with salt in the cooking water or at serving time. Mash squash with lemon juice, butter or margarine and a touch of cinnamon and sugar, for new flavor interest.

Foil-Baked Acorn Squash

3 medium acorn squash	1/2 teaspoon salt
2 tablespoons melted butter	1/2 teaspoon pepper
Salt and pepper	1/2 teaspoon Ac'cent
1/2 teaspoon Ac'cent	Pinch poultry seasoning
1 cup finely-cut cooked	1/4 cup fine dry bread crumbs
chicken or pork	2 tablespoons melted butter
1/4 cup chopped celery	Aluminum foil

Cut squash in half; remove seeds; slice off tip ends. Brush squash inside with melted butter; sprinkle with salt, pepper and Ac'cent. Combine remaining ingredients; blend well. Fill squash with mixture; round up top. Cut 4-inch rounds of aluminum foil; brush one side with oil. Place oiled side over filled squash. Cup and shape foil over squash to act as cover. Place in baking dish. Bake in hot oven (400°F.) 40 to 60 minutes depending on size of squash. Makes 6 servings.

When wrapping a small gift for a friend, used a gay-colored, towel instead of paper, suggests the January issue of Successful Farming magazine. It's unusual, and adds to the value of the gift.

Army Modernization Program Includes More Helicopters

WASHINGTON — The United States Army is due to have a new 3-D look by mid-1959 and the third dimension will be one of height. In a modernization program designed to bolster the Army's aviation strength over the next 57 months, plans call for a six-fold increase in Army helicopter strength. In addition, greatly increased numbers of light utility aircraft will go into service for artillery spotting, reconnaissance, command and courier missions, column control, transportation of Army supplies and units, medical evacuation and aerial photography.

Experience in Korea and World War II already has resulted in establishment of a sizeable Army air service. Today, the Army operates 3,300 aircraft, with an additional 600 light planes assigned to the National Guard. These planes give the traditionally earth-bound troops vastly improved mobility, freeing both men and equipment from the limitations of muck, mountains, morasses, and roads.

Emphasis will be placed on a build-up of Army helicopter strength, which now stands at less than 200. Under the present setup, most of the 200 helicopters are assigned to six Army transportation companies (each with 21 cargo and two utility 'copters), with the remaining rotorcraft distributed among the Army's 17 divisions.

By mid-1951, the Army's helicopter strength should rise to about 1,200. Twelve cargo battalions (36 companies) will account for 756 cargo and 72 utility helicopters. In addition, 26 to 28 helicopters and 16 fixed-wing aircraft will be assigned to each of the Army's divisions.

Eye Uses Vitamin A To Help Us See

CHICAGO—What sort of adjusting mechanism allows us to see in near-darkness? Science says it's due to a substance called "visual purple" or "rhodopsin," which the eye manufactures from Vitamin A in the circulating blood stream.

We're temporarily blinded by approaching headlights because light bleaches out the visual purple, turns it yellow, and converts it back into Vitamin A, until the eye makes up a new supply.

The retina at the back of the human eye contains an amazing network of millions of nerve ends, some called "rods" and others "cones," because of their different shapes. The rods are spread over the entire surface of the retina, and respond without great detail to light of varying brightness and to form and movement. The cones are in the center only, and respond in finest detail to color, as well as to light, form, and movement. We see mainly with the cones in daylight, when the pupil opening is small, but the rods take over the principal job in dim light, when the pupil is wide open.

Accidental Falls Kill as Heavily As Tuberculosis

NEW YORK—Accidental falls take about 20,000 lives each year in the United States—approximately as many as tuberculosis—report statisticians of a major life insurance company. According to their study, falls rank second only to motor vehicles as a cause of accidental death.

The home is the scene of about two-thirds of all fatal falls. Only about 3 per cent occur in workplaces, a substantially smaller portion than 10 years ago, and undoubtedly reflecting the success of industrial safety programs.

The death rate from accidental falls is higher among males than among females at ages under 75. Above that age the reverse is true. More than half of all deaths from falls are concentrated at ages 75 and over.

Below age 15, falls from windows, porches, roofs, swings, trees and fences are the most common type. Diving accidents account for an appreciable part of the fatalities from falls among boys in late teens. Falls on stairs account for nearly a fourth of the deaths in the 25-44 age group, and close to one-third in the 47-75 group. Among older people, a considerable proportion of the falls occur when they are merely walking about the house.

Heavy loss of life from accidental falls can be reduced materially, the statisticians say, through safety education. Programs should call to attention the environmental hazards and the human factors responsible for these fatalities, indicating how they may be overcome. Simple safety measures, such as having handrails on stairs, providing adequate illumination in and about the house, anchoring rugs, and keeping stairs clear, can prevent many falls.

WHO PAYS?

"GIMMICKS, GIVE AWAYS, FREE TRIPS, NOTHING DOWN AND PROMISES TO BEAT ANY DEAL," WE ASK YOU WHO PAYS FOR THEM?

Buying a car is a serious investment . . . be sure you aren't tricked into a deal which is false economy. True, one of the joys of earning a living is spending the fruits of your labor where and when you please. For the most part there are no strings attached to the income at your disposal. Only common sense governs expenditures.

It's truly unfortunate, but soon people from Antioch will have fallen prey to the "city boys" glib offers of gigantic savings, longer than healthy terms, and other gimmicks. In the final showdown most have learned to their dismay that they actually LOST MONEY on their "tremendous" deal.

DON'T BE MISLED — every auto dealer must pay the manufacturer the same price for each unit he sells and each dealer must take a profit to stay in business . . . someone has to pay for the gimmicks and the high cost of advertising those "tremendous" deals . . . through the sub-standard products and service that must go hand in hand with such tactics . . . IS IT YOU?

Your Antioch dealers are in business today — and will be in the years ahead — because they offer the best automotive quality available and stand solidly behind the cars they sell. The competition between us is keen — but CLEAN!

If one can't sell you we hope the other can because we all know that it's good for you and for our community.

Your Antioch Automobile Dealers have a BIG investment in their shops, equipment, tools and parts to be used for your constant and efficient service.

The taxes they pay — on business and home — play a very important part in keeping your taxes equitable.

MILLBURN

Regular services at Millburn Congregational church Jan. 15 include Sunday School at 9:45 a.m. and church services at 11 a.m.

Baptismal services last Sunday morning were held for Catherine Louise Chope, daughter of Mr. and Mrs. Jack Chope, sponsors were Mr. and Mrs. Clarence Hanson.

The Ladies' Aid Study group will meet at the home of Mrs. Charles Lucas Thursday morning from 9 a.m. to 11. Anyone wishing to join the group is welcome to come.

Installation services for the newly elected officers of the Ladies' Aid were held before the regular business meeting. The new officers are as follows: president, Mrs. Howard Bonner; vice president, Mrs. Carl Anderson; second vice president, Mrs. Harley Clark; secretary, Mrs. Roy Bonner and treasurer, Mrs. Emmet King.

Jay Birdsall, formerly of Mitchell, Nebr., now in Chicago, visited at the home of the Rev. and Mrs. L. H. Messersmith Sunday.

Mrs. Albert Smith and daughters, Helen and Karen of Antioch were callers at the Frank Edwards home Thursday afternoon.

Mrs. Clifford Weber and children Candice and Garry, of Winthrop Harbor spent Tuesday with her parents, Mr. and Mrs. Frank Hauser.

Mrs. Herbert Messner is a medical patient at Condell Memorial Hospital in Libertyville.

Mr. and Mrs. Ogden Schöomaker of Wauwatosa, Wis., are visiting at the home of their daughter and family, Mr. and Mrs. Charles Timmerman.

Mr. and Mrs. Paul Erickson of Avon Park, Fla., came by plane for a few weeks visit at the home of their daughter, Mr. and Mrs. Richard Radke.

Mrs. Florence Welch of Gurnee was a luncheon guest of Mrs. Charles Lucas Monday.

Mrs. Oscar Neahous was a caller at the home of Mrs. Albert Smith Thursday afternoon.

The Ladies' Aid will have a sewing day at the church Thursday, Jan. 19. Come at 10 a.m. and bring your own sandwich. Anyone is welcome to come.

The first meeting of the New Year of Millburn Maidens 4-H club will be held Jan. 16 at 7:30 p.m. at the home of Mrs. Wm. Paulsen. Anyone 10 years and older besides the members are welcome.

Mrs. Frank Edwards spent Friday at the John Edwards home in Libertyville.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

For the dozens of times that a motorist is required to make turns while driving there are still those who do not properly execute turns.

Before making a right turn the motorist should maneuver his vehicle into the extreme right lane of traffic well in advance of the turning point. When made, the turn should be as near the right hand

curb as possible. The vehicle should be steered to the right of the street into which a turn is being made. (Sec. 62, Uniform Act Regulating Traffic.)

Before making a left turn the motorist should maneuver his vehicle to the right of the center of the road. (Sec. 62, Uniform Act Regulating Traffic.) Give the left turn signal at least 100 feet from the corner. The signal should be given until immediately before making the turn. Enter the street into which a turn is being made just to the right of center. When the turn is completed, gradually move to the right lane of traffic.

If your vehicle does not have mechanical signals, use hand signals as prescribed by law. For a left turn, extend the arm straight out; for a right turn, bend the left arm upward. (Sec. 67, Uniform Act Regulating Traffic.)

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

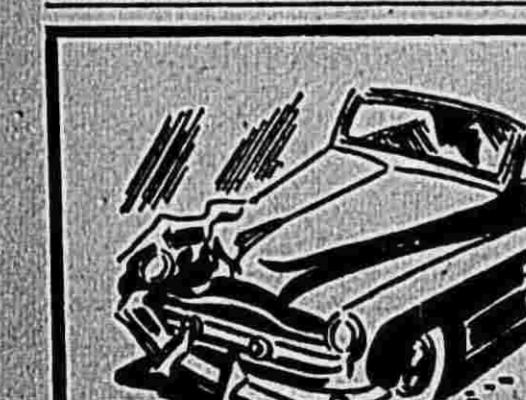

Automation Begins at Home

Modern women are keeping up with their husbands on what's new these days. The breadwinner proudly comes home to tell about a new machine installed in his shop that practically thinks for itself. Automation, he calls it. His wife knows exactly what he is talking about because her new automatic washer does the same thing — practically thinks for itself!

For example, in the Whirlpool 1956 Imperial washer, the right water temperature is automatically provided for whites and cottons, prints and colors, or silks and nylons. Water level is selective and completely flexible. The correct washing time is selected by touch of a dial. Modern synthetics receive special treatment by setting a Delicate Fabrics control for low-speed and short-time washing, rinsing and spinning. Even the Temperature audy water is saved for use in later wash loads if desired — automatically.

A companion clothes dryer (gas or electric) goes a step further in taking the hard work out of washday. The modern housewife simply sets dial at HOT for rugs and woolens, MED. for whites and cottons, WARM for silks and nylons or DELICATE FABRICS for modern synthetics. Drying time is selective to 60 minutes. Clothes and linens may be removed "ironing dry" or ready to fold, stack and put away.

Automation in industry? American housewives have it right at home.

Delectable And Different Ham Loaf

Plentiful pork and pork products can help you put more pennies in your "piggy bank" if you include them frequently in your menus now and in the months ahead. Your meals can be varied and interesting while you effect savings in your food budget. Here's an idea for leftover cooked or baked ham — delectable and different Pickle Stuffed Ham Loaf. Evaporated milk is the binder and moistening agent for the nicely seasoned ham layers, which are stretched with a zesty pickle layer in the middle.

This is a really thrifty meal, and evaporated milk is a valuable ingredient product in this and similar meat loaves. Because it is whole milk concentrated to half its original volume and used here undiluted, evaporated milk is doubly rich, and therefore doubly nutritious. And it is fortified with vitamin D, the "sunshine vitamin" that helps the body make use of calcium and phosphorus which build bones and teeth.

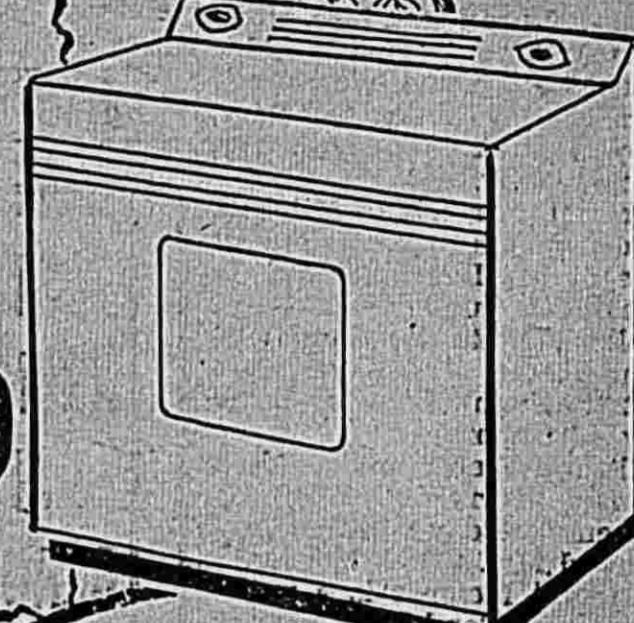

Pickle Stuffed Ham Loaf

4 cups ground cooked ham, lightly packed	1/4 cup finely chopped onion
1 cup fine dry bread crumbs	1 egg
1/2 teaspoon black pepper	1 1/2 cups evaporated milk
1/8 teaspoon powdered thyme	1 teaspoon prepared mustard
	1/2 to 1/4 cup pickle relish

Boiled or baked ham can be used. Put ham through medium blade of food chopper. Place ham in large mixing bowl. Add 1/2 cup of the fine dry bread crumbs, the pepper, thyme, onion; mix thoroughly. Beat in the egg and 1 cup of the evaporated milk. Divide ham mixture in half. Pack one half in bottom of a well greased loaf pan, about 2 1/4 x 8 1/4 x 4 1/4 inches. Stir mustard into the remaining 1/4 cup evaporated milk. Add the remaining 1/4 cup crumbs and pickle relish, and blend thoroughly. Spread pickle stuffing evenly and firmly on top of ham layer. Pack remaining half of ham mixture over pickle layer. Bake in moderate oven (375°F.) about 45 minutes.

YIELD: 8 generous servings.

Gas Dries Clothes Perfectly for Less - Why Pay 5 Times More?

If you're interested in getting the dryer that does the best job for your family and is easiest on your budget . . . remember this!
